

Professional Skincare Designed for Everyone

Natural Plant-Based Ingredients | Cruelty Free | Paraben Free | No Mineral Oils

Arcaya means "the secret" of beauty

At arcaya, our vision is to offer simple skincare solutions that can be implemented easily in your day-to-day. We are committed to natural ingredients & are convinced that the best recipes for beautiful & healthy skin can be found in nature.

Skincare to fit your lifestyle

We promise simple, effective skincare designed to match your everyday. All our formulas are free of parabens mineral oils. Our products are made from biological ingredients and never tested on animals. Most of our products are vegan. From treating acne-prone skin to reviving a healthy glow, arcaya has something for every skin type & need.

arcaya is a registered cosmetic trade mark with headquarters in southern Germany. We are well known for our expertise in the market, our extensive experience and the outstanding quality of our products.

Our desire is to make skin care easy and effective.

The name arcaya is synonymous with secret –the secret of beauty.

It is our vision to offer the ideal skin care routine for women of all ages everywhere around the world. Our products are designed as problem-solvers and specialized solutions for targeted care. Rapid and perfect efficacy achieved through high concentrations of active ingredients is especially important to us. Our focus is always on the quality of our products. When developing and manufacturing our products, we work with great care and use only pure biological ingredients. Many years of experience and independent controls ensure that our high quality standard never waivers.

All of our products are produced and packaged exclusively in Germany.

Our mission determines our actions! We commit ourselves...

... for the continuous improvement of our quality policy and our products. Compliance with all legal Requirements is a matter of course for us.

Arcaya products are sold worldwide. Arcaya Distribution are the sole authorised regional importer for the arcaya range of products for the territories of Australia and New Zealand.

We manufacture our products in strict accordance with GMP standards. All products are certified, microbiologically tested and may be sold around the globe.
